This is to certify that I have examined the books and other financial records of the School Board of Londonderry, of which this is a true summary for the fiscal year ending July 1, 1930 and find them correctly cast and properly vouched.

JOHN E. RAY,
HATTIE T. COLBURN,

Auditors.

SUPERINTENDENT'S REPORT.

To the Londonderry School Board:

It gives me pleasure to present to you my tenth annual report. It is also gratifying to report that the work of the School Board is better organized and

conducted than at any time during the tenure of my office. The school system is large and scattered. The details are not easily managed, nevertheless, the spirit of the School Board has been to see to it that affairs are systematically conducted and that every dollar is expended to the best advantage of the Londonderry pupils.

The most important factor contributing directly to the efficiency of our schools, is that about sixteen percent of our pupils are not working up to full possible achievement. These cases are not due to inefficient teaching, as might be expected, but many of these cases, if not all, are with us because we did not know of their existence owing to the lack of means of accurately detecting them. Now that both the mentality and the educational age of the child are rather accurately determined such cases are properly understood by the teachers. These cases may now be properly graded and stimulated to work up to their full capacity.

Mrs. Ruth Cleveland and Miss Sutherland are doing commendable work at No. 1 and 6 respectively. The work of the other teachers who have been with us a number of years is also highly effective. We have no problems of discipline. All teachers are working with enthusiasm and proper purposes.

Appended are the report of the School Nurse, the statistical reports and budget which you have complied.

Respectfully submitted,
CARL COTTON,
Superintendent of Schools.

Mr. Carl Cotton,
Superintendent of Schools,
Derry, New Hampshire.
Dear Sir;

I herewith submit a report for the health work in the Londonderry schools for the year from February 1929 to January 1930.

The annual physical examinations have been made, and as many defects as possible have been corrected. More corrections are needed.

At the Elliott Hospital, Manchester, nose, throat, eye, and ear clinics are held, and at the District Nursing Association, Manchester, orthopedic and goiter clinics are held. A few children have attended these.

Three under-weight clinics have been held in Derry by Dr. Kerr. Some children have attended these, the mothers receiving advise as to the care and diet of under-weight children.

Hot lunches are served during the winter months. This is sponsored by the Parent-Teachers' Association, in some of the schools.

Some of the defects found and corrected are as follows:

	Found	Corrected
No. of pupils 10% or more underweight	34	10
No. of defective eyes	11	3
No. of skin diseases	7	7
No. of defective ears	7	3
No. of orthopedic cases	3	1
No. of defective tonsils	59	8
No. of defective glands	7	3
No. of communicable diseases;		
Whooping cough		18
Chicken pox		2
Respectfully submitted,
